BY ANAAYA BUILDCON CONSTRUCTIONS LLP.

Thoughtful homes. A connected neighbourhood.

An elevated welcome.

Ten retail shops meet a raised, continuous building frontage.

+3 FT

ABOVE ROAD LEVEL

The building ground-floor level is raised 3 ft (914 mm) above the road. The revised elevation shows a raised shop forecourt with steps and ramp access.

A coordinated palette of porcelain white, champagne gold and silver grey creates a consistent identity from the street frontage to the upper floors.

Elevation is illustrative. Step, ramp and access details are to be coordinated with the architectural drawings.

Make more of every day.
